

INDIA INDEPENDENCE DAY SPEECH

GOOD MORNING TO ALL MY RESPECTED TEACHERS, PARENTS AND DEAR FRIENDS.

Today we have gathered here to celebrate this great national event India got independence on 15th of August in 1947 from the British rule. After independence we got our all the fundamental rights in our own Nation, our Motherland.

We all should feel proud to be an Indian and admire our fortune that we took birth on the land of an Independent India. History of slave India reveals everything that how our ancestors and forefathers had worked hard and suffered all the brutal behavior of Britishers

We cannot imagine by sitting here that how hard the independence was for India from the British rule. It took sacrifices of lives of many freedom fighters and several decades of struggle from 1857 to 1947.

An Indian soldier (Mangal Pandey) in the British force had first raised his voice against Britishers for the independence of India. Later several great freedom fighters had struggled and spent their whole life only for getting freedom. We can never forget the sacrifices of the Bhagat Singh, Khudi Ram Bose and Chandra Sekhar Azad who had lost their lives in their early age just for fighting for their country. How can we ignore all the struggles of Netaji and Gandhiji.

Gandhiji was a great Indian personalities who taught Indians a big lesson of non- violence. He was the one and only who lead India to get freedom with the help of non-violence. Finally the result of long years of struggle came in front on 15th of August 1947 when India got freedom.

We are so lucky that our forefathers have given us a land of peace and happy where we can sleep whole night without fear and enjoy whole day in our school or home. Our country is developing very fast in the field of technology education, sports, finance and various other fields which were almost impossible before freedom.

India is one of the countries rich in nuclear power We are going ahead by actively participating in the sports like Olympics, Commonwealth games and Asian games. We have full rights to chose our government and enjoy largest democracy in the world.

Yes we are free and have complete freedom however we should not understand ourselves free of responsibilities towards our country As being responsible citizens of the country, we should be always ready to handle any emergency condition in our country.
